TRANSPORTATION SOLUTIONS FOR TIMBER HOUSE CONSTRUCTION

Telescopic, expandable and equipped with a uniform Stanchion system for wall element transport up to 30 t - Our exchange systems and loading aids solve the logistical core problems of modern carpenters and prefabricated timber house builders.

TRUCK DOLLY TRAILERS

NL SERIES

AN ECONOMICAL COMPREHENSIVE SOLUTION FOR LONG AND LARGE LOADS.

KEYFACTS

Things to know about your new Auwärter

The NL series long material dolly is a high quality turntable system for trailers and trucks, consisting of a roller bearing turntable for trucks with longitudinal slider. The hot-dip galvanized telescopic drawbar can be extended up to a length of 8.5 m and, correspondingly, construction timber can be transported with a length of up to 15 m.

Thanks to the turntable and its single axis design, the trailer can be maneuvered particularly easily and precisely. In addition, the dolly convinces with its stable driving characteristics and a good axle load distribution, which pays off particularly with high loads and large load volumes.

FEATURES

- 1 EXTENDABLE TELESCOPIC DRAWBAR**
extendable by up to a length of 8.5 m
- 2 SOPHISTICATED TURNTABLE SYSTEM**
for optimum maneuverability
- 3 STAKE SUPPORTS**
with hinged stakes

ADVANTAGES

- > The turntable provides optimum maneuverability for efficient handling of long transport loads
- > Maximum transport length up to 15 m
- > High payload, low tare weight
- > All vehicles with EPD coating (sand blasted, cathodic immersion priming, coating in RAL colors)
- > Brake hoses and light cables follow during extension and shortening

TECHNICAL DATA

Alongside its high payload, the telescopic system extendable up to 8.5 m offers the highest level of flexibility in the daily timber building logistics.

	NL5.5	NL10.0
GROSS WEIGHT	approx. 5,500 kg	approx. 9,900 kg
PAYLOAD STANDARD	approx. 4,600 kg	approx. 8,600 kg
TIRES	235 / 75 R 17.5	425 / 65 R 22.5

ACCESSORIES

TURNTABLE FOR TRUCKS

- > Longitudinal slider with roller bearings
- > With hinged stakes
- > Turntable width can be adapted as required

TELESCOPIC DRAWBAR CONSISTING OF:

- > Pneumatic drawbar clamp
- > Automatic guide roller
- > Drawbar extendable to approx. 8.5 m

RUBBER PADS FOR THE STAKE SUPPORTS

- > Anti slip for improving load securing

DUAL TIRES

- > Make low load height possible
